<p>G            Em7   Am7   D          Now listen honey, while I say          G            Em7                    Am7   D          How could you tell me that you gone away?          B7            Em B7   Em          Don't say that we must part          A7            D7          Don't break my aching heart          G            Em7                    Am7   D          You know I loved you true for many years          B7            Em          Loved you night and day          C            C#dim          How can you leave me?                           G    E7          Can't you see my tears,                           A7        D7          Now listen while I say</p>	<p>1. After you've gone and left me crying          After you've gone, there's no denying          You'll feel blue, you'll feel sad          You'll miss the bestest pal you've ever had          There'll come a time, now don't forget it          There'll come a time, when you'll regret it          Some day when you'll grow lonely          Your heart will break like mine and you'll want me only          After you've gone, after you've gone away          2. After you're gone, after we break up          After you're gone, you're gonna wake up          You will find you were blind          To let somebody come and change your mind          After the years we've been together          Through joy and tears, all kinds of weather          Someday blue and downhearted          You'll long to be with me right back where you started          After you've gone, after you've gone away</p>
