

## LOW ROAD

**I lost everything  
I fell out of a daydream  
At the door of a long lost friend  
And I cried aloud  
Without an inch of pride  
I knew I had reached the end**

**An old and lonely man  
Saw me sittin' on the curb  
He reached out and took my  
hand  
He said I know your song  
And I know your name  
And there was a time that I felt  
the same**

**Chorus  
But it's a low low road  
You've gotta roll down  
Before you find your way, my  
friend  
And it's a high, high hill  
You've gotta climb up  
Before you get to the top again**

**I held on so dearly  
to the wrong things in my life  
But now I see so clearly  
I was walking into my own knife  
You've got to get up off that street  
Stop looking at your feet  
And take a hold of something real  
And this old man, took my hand  
He looked at me and said, little girl, I  
understand**

**Chorus  
That it's a...**

**Bridge  
And there was a time that I thought  
that I knew it all  
And there was a place that I thought I  
could call my own  
But it all came crashing down and I  
looked around  
And I knew that things would never  
be the same**

**And it's a**

**Chorus**

**Cause it's a low, low road  
You've gotta roll down  
It's a low, low road**
